

Employee Recognition Program

The Employee Recognition Program puts the power of recognition in your hands for a job well done, going the extra mile, or stepping outside typical duties to help a team. May it be a public post, visible to all, or a private gesture of appreciation, make someone's day today!

What to Know

Recognition made easy: The program is available through a unique platform, does not require approvals, and the four-step recognition process is quick and easy.

Eligibility: All U.S.-based employees are eligible to use the recognition program.

Performance-based recognition: Employees may only be recognized for contributions, achievements, and demonstration of corporate core values.

How to Recognize

Shoutout! is a peer-to-peer social recognition where any employee can show appreciation and recognize others for a job well done, extraordinary efforts, stepping out of one's typical duties to help the team, and/or embodying core values.

Going Above and Beyond! is a points-based recognition program. Managers with a level of supervisor and above can recognize employees with a note of appreciation and points that can be redeemed for gift cards or items from Amazon.
