

Ensure Compliance with Federal and State Regulations With Seamless E-Verify Integration

E-Verify

As a Certified Designated E-Verify Agent, MAXIMUS has integrated its Electronic I-9 Management Software with the U.S. Citizenship and Immigration Services' E-Verify program, enabling employers to be in full compliance with the various federal and state regulations requiring E-Verify participation.

Stay Ahead of the Curve

The task of processing new hires can be overwhelming for employers. If not done properly, employers can face stiff penalties, substantial fines and even disbarment of government contracts come audit time.

With decades of I-9 experience and our proprietary Electronic I-9 Management Software, MAXIMUS is the industry leader in electronic E-Verify processing.

With real-time reporting and tracking, our electronic E-Verify services will minimize your risk exposure and keep you fully compliant in the wake of changing regulations, intensified immigration audits, and expanding E-Verify requirements for state and private businesses.

Streamlining Your E-Verify Process Flow

After the electronic I-9 form is completed on the MAXIMUS electronic portal, employee data is automatically submitted to the E-Verify program. The majority of employees are successfully and immediately verified/work authorized; however, if a non-verification or a tentative confirmation is returned, MAXIMUS will work closely with your hiring manager to ensure they take the required steps to complete the process.

The Importance of E-Verify

E-Verify is now being used to determine work authorization for 1 in 4 hires nationwide, a 247 percent increase since 2007. On September 8, 2009, it became mandatory for federal contractors and subcontractors to use E-Verify to validate that their employees are eligible to work in the United States.

Experience a Better Way to Process I-9s and E-Verify

Our E-Verify services are fully compliant with the guidelines published by the U.S. Department of Homeland Security. We are dedicated to making your I-9 and E-Verify processes as easy as possible so that you can get back to what you do best: serving your customers.
